

# Sheffield Parks and Open Spaces Survey 2015-16

## Habitat Questionnaire

Site:	Observer:
-------	-----------

Please indicate below which of the four broad habitat types best describes your site:

1. Parks and open spaces without woodland	3. Woodland
2. Parks and open spaces with woodland	4. Allotments and cemeteries

Also indicate which of these sub-categories are present in your site. When recording species to the website, note in the 'comments' box any habitat sub-categories (by code) with which the species was associated (Dunnock, for example, might be: 'Park Survey - 3x C4, 2x C5 and 1x E').

Broad habitat type	Sub-category	Code
Grassland	Greensward (mown regularly)	A1
	Playing field/ golf courses	A2
